FOR CIRCUIT JUDGE,  
LUCIUS P. LITTLE.  
FOR COM'TH ATTORNEY,  
JOE NOE.

The Populists of Ohio county still want to know about that fusion device.

JUDGE CMTRILL is through with his "washing." It was not so big a job as he had hoped.

When you vote the Republican ticket you vote for the party who believes in home industry.

SHERIFF Martin and sixty-four of his deputies, charged with killing striking miners at Latimore, Pa., on September 10, have been held on a bond of \$10,000 each.

AFTER a three weeks drunken spree, Frank Denny, a turner living at Union City, Ky., drank a half gallon of alcohol and died. He served with distinction in the Union army.

THERE is no sacrifice of principle for two parties to use under an independent device, but when the device of an old party is accepted there is a surrender of principle, which the Populists will not submit to.

AT Greenville last Tuesday George Baskett was sentenced to the penitentiary for a term of ten years for participating in the White murder case at Owensboro last November. The cases against the other three participants were dismissed. This ends one of the bloodiest chapters in the history of Kentucky.

### OUR POSITION.

Our free silver neighbor, the *Herald*, never sees anything good that comes through their channel, and is so blinded by party prejudice that it cannot see anything good in other parties save its own. The editor of The REPUBLICAN is different along that line. Last year during the McKinley-Bryan campaign he thought perhaps it would be good thing for the people to have the free and unlimited coinage of silver at the ratio of 16 to 1, but seeing the folly of the thin argument presented by the free silver men he has concluded that the policy of the Republicans were right and that we have the best monetary system in existence.

Since the election last fall we have seen the fruits of the Republican party put into operation in the opening of mills, factories, and a general revival of all our industrial interests, which proves conclusively that our country is more prosperous under the gold standard than any of the free silver countries under the free and unlimited coinage of silver. With thousands of other men, we could no longer kick against the solid truth and we have to admit that under Republican rule this country is more prosperous. All farm products are bringing good prices, better than we have had since the Harrison Administration. We know of nothing to prevent accession to the Republican party, for there are thousands of men who supported Bryan last fall who will not vote the free silver ticket this fall.

The policy of THE REPUBLICAN will remain the same in the future as it has in the past, the *Herald*, to the contrary notwithstanding, and the silly hot air coming from that paper is now being ridiculed by honest thinking people. No, no, sonny, we are here to stay and will fight for the Republican ticket and will expose your silly both on every occasion; and at' publish the prosperity news which you now suppress every week.

OF Interest to Farmers.

Disputes to Wellesley's Courier Journal says:

A genuine frost fell Monday night in this State Indiana and portions of Tennessee. It was at first supposed that it was too light to do much damage, though there was a very uneasy feeling among the tobacco smokers. Reports soon began coming in, however, which stated that in exposed portions the tobacco was killed and the corn was frosted. The

verdict of the jury in Judge CMTRILL's "dirty linen" case was "not guilty."

THE silverites insist that the rise in wheat is due to scarcity only. But how about wool?

THE Democrats and Populists of Ohio county are getting further apart every day as the campaign progresses.

Frost during the past week, has done considerable damage to growing crops in Kentucky, Indiana and Tennessee.

The farmers are rapidly getting back the \$80,000,000 which they lost in the value of their sheep under free trade.

In fusion under the Plow and Hammer will kill the Democratic party, what will fusion under the Rooster do to the Populist party? Echo, answers, kill it.

THE announcement of the coming nuptials of Miss Emma Sharp, of Owensboro, and Mr. Jack Hodge, of Chicago, have been declared a fake.

THE candidates on the fusion ticket are against the Hon. J. E. Rowe and are trying to get him off of the ticket. Wonder how Mr. Rowe's friends feel in regard to the matter?

"BECAUSE it is my deliberate judgment that the prosperity of America is mainly due to its system of Protective Laws, I urge that Germany has now reached the point where it is necessary to imitate the Tariff system of the United States,"—[Bismarck.]

THE county campaign is progressing nicely and everything points to the election of the entire Republican ticket. The people recognize in the men nominated by the Republican convention the proper ones to conduct the affairs of the county and believing them to be the best for that purpose they will vote for them.

A MAN with a loaded revolver was arrested in the White House grounds Monday after he had sought in vain to secure an interview with the President. He was evidently a crank, but his presence in the grounds, his preparations for hostilities and above all, his actions for the past few days lead to the belief that the man was much more dangerous than the average lunatic.

"THE benefit of protection goes first and last to the men who earn their bread in the sweat of their faces. The auspicious and momentous result is that never before in the history of the world has comfort been enjoyed, education acquired, and independence secured by so large a majority of the total population as in the United States of America,"—[James G. Blaine.]

MEXICAN workmen, who get less than half what those of the United States get, are having a hard time now that they must take pay in 40 cent dollars. The American carpenter gets \$2.50 per day in good 100 cent dollars, while the Mexican carpenter gets \$1.25 in coin worth 40 cent on the dollar. The real value of the \$1.25 which the Mexican gets is just 50 cents, against \$2.50 which the American carpenter gets.

CONSTITUTIONAL CELEBRATION.

The first celebration of the emancipation proclamation by the colored citizens of Ohio county was had here last Wednesday. This event had been advertised for some days and all seemed to realize the importance of the occasion and 'twas discernable at break of day that something unusual was on hand as the colored visitors and citizens were then pouring into town.

It was about 10 o'clock when a procession was forced near the corporate limits of the town and at 10:20 o'clock at the command of Marshal of the day, ——— the column, headed by the Hixtli Colored Brass Band to the tune of "Rally Round the Flag" began to move. In the procession were floats which represented many different industries and occupations adopted by colored citizens as a means of gaining a living in this busy hustling world. Among these were floats representing the farm, workshops, mills, laundry, factory school room, arts and music.

THE statistics of the cotton crop for last year show it to have been 8,757,963 bales. It has been sold for about \$50,000,000, or something more than the total volume of the greenback currency. This is more than five times the value of the annual silver product of the country.

WHOLLY is it then for the cotton growers to think that their prosperity depends upon "doing something for silver," when all the silver produced in the country would not buy one in five of their cotton bales.

UNION.

Miss Siddle Davidson, who has been sick the past two weeks, is improving.

Mrs. Nettie Hocker and children were the guests of Mrs. Sue Hocker, of Beaver Dam, last week.

The singing school closed at this place last Sunday.

Mr. Richard Plummer is building a new house. Mr. Mason Taylor is preparing to build a new house.

Miss Mirtie Taylor gave a party last Friday evening, which was very much enjoyed by all present.

Mr. Silas Stevens has bought a new wheat drill. Our most progressive farmers have learned that to make a success of farming they must have improved machinery.

It was at first supposed that it was too light to do much damage, though there was a very uneasy feeling among the tobacco smokers. Reports soon began coming in, however, which stated that in exposed portions the tobacco was killed and the corn was frosted. The

farmer, Mr. R. H. Smith, of Owen county, exhibited a tobacco plant which was so blackened by the frost that it was plainly to be seen the damage was not exaggerated. A telephone message from Mr. Will Clay, of Mt. Sterling, said one hundred acres of tobacco had been ruined in that town. A dispatch from Paris said that a good deal of Bourbon county tobacco had been caught, and similar reports came from Madison, Shively, Woodford, Hart and many other counties in the hilly belt.

News from the dark tobacco section was equally discouraging. Telegrams were received from A. C. Tompkins & Co., J. S. Paquin & Co., of Whitesboro; O. D. Hayes & Co., of Whitesboro, Daviess county, and many other dealers and farmers detailing the damage in their respective localities.

The best informed warehouses in the trade said their beliefs were that a large portion of the late planting was in the field and they thought it would be ruined. The Weather Bureau Crop Section Bulletin estimated the proportion of uncut tobacco at twenty-five per cent.

The amount of corn that was caught was small, but all the late vegetables were killed and as a consequence have advanced sharply on the market.

ROUGH RIVER IMPROVEMENTS.

Sunday's Evansville Courier contained in part the following notice in regard to Rough River navigation:

Here the government have expended considerably over \$100,000 in the construction and maintenance of a lock and dam about nine miles above the mouth of the river, with a view of providing slack water to Hartford, the county seat of Ohio county. The appropriations for this work have been as follows: Sept. 9, 1899, \$25,000; July 14, 1892, \$15,000; Aug. 17, 1894, \$22,500; June 3, 1896, \$43,000; Total, \$105,000.

The river is narrow and covered on both sides with heavy forests of timber which, on account of natural decay and the effect of storms, is constantly precipitated into the streams, thus requiring very constant vigilance to keep the channel clear. Overhanging timber and boughs also tend to obstruct navigation.

At this time the navigation on this stream is entirely suspended by reason of an accumulation of these obstructions in its channel.

It is of vital importance to the country which this improvement was designed to benefit that the channel of Rough river be cleared of this impediment at once, and the convention is urged to call the attention of the government authorities to the matter in as impressive a manner as possible to the end that the people of Ohio county may have restored to them the necessary means of transportation of their products and the protection of supplies. A very large scope of country is very seriously inconvenienced by the suspension of navigation on Rough river.

The city of Hartford which is an important trade center for a large territory, is very greatly dependent on the river for transportation.

Many points along the river, and especially on the north side, are almost wholly dependent on the river, without which the only method of transportation is by wagon for long distances to railroads in the southern and eastern parts of the county.

## WHY Rent When you can Own?

You rent year after year, and have no farm when you get through. The landlord has your money and the farm at the end of the year. We offer you Ohio River Bottom land, in Ballard county, one of the best counties in Kentucky, on the following reasonable terms:

50 acres at \$14.00 per acre . . . \$700.00

Cash . . . . . 50.00

First year \$50 per acre . . . . . 25.00

Second year, \$1.00 per acre . . . . . 50.00

Third year, \$2.00 per acre . . . . . 100.00

Fourth year, \$2.50 per acre . . . . . 125.00

Fifth year, \$3.00 per acre . . . . . 150.00

Sixth year, \$3.50 per acre . . . . . 200.00

Total cost of 50 acres . . . . . \$700.00

This land produced the past season of 18.56, 80 bushels of corn per acre, and 5 acres of Early Rose Potatoes produced 2,000 bushels, or 400 bushels to the acre. 10 acres of Prior Tobacco made an average of 1,200 pounds to the acre, which brought in the market 85¢ for leaf and lugs; 4 acres of late cabbage brought \$50, sold at Calro.

You can raise twice as much on a good bottom farm as in the hills, and your land don't wash away or wear out.

There has been no drought in Ballard county this year and crops are splendid. They are good every year.

We have good farms for sale on long time, at bargains in Daviess Ohio and McLean counties cheaper than anyone else will sell you. We will exchange any farm we have for others.

53 acres, 4 miles from Hartford on Owensboro road, for sale at \$10 per acre.

For flat and further particulars apply L. Freeman Little, over Bank Commerce, or H. A. Williams, 214½ Third Street, Owensboro, Ky.

**Ten Dollars a Week for Eight.**

If does not seem possible that the table for eight people can be provided for ten dollars a week. But Mrs. Rorer, the most famous cook in America, says it can be done. She proves her case in *The Ladies' Home Journal* for October. She gives twenty-one menus covering a week's meals, and gives full practical directions by which any woman can make attractive meals as Mrs. Rorer explains, for this small sum of ten dollars.

The Ohio County Sunday School Union will meet in convention at Beaver Dam on Friday and Saturday, October 8 and 9, 1897. It is desired that a full delegation be present from each Sunday school in the county. Each school is entitled to two representatives. A State representative is to speak on Friday evening, who we have not yet learned.

**Scott's Emulsion**  
of Cod-liver Oil with Hypophosphites, can be taken as easily in summer as in winter. Unlike the plain oil it is palatable, and the hypophosphites that are in it aid in digestion and at the same time tone up the system.

For sickly, delicate children, and for those whose lungs are affected, it is a mistake to leave it off in the summer months. The dose may be reduced if necessary.

We recommend the small size especially for summer use, and for children, where a smaller dose is required. It should be kept in a cool place after it is once opened.

Mr. A. R. Carson is in Louisville this week purchasing a stock of groceries.

Let joy be unconfined and attend the Ohio County Fair.

There will be many New Attractions at the Fair this year.  
Don't fail to attend the first three days of the Fair this year.

Don't forget—three days only—the Ohio County Fair—Sept. 30.

New Calicoes, new Percales, Ginghams and Sulkolines at Carson & Co's.

Rev. J. S. Chandler is attending Conference at Henderson this week.

Don't forget the date of the Ohio County Fair—Sept. 30, Oct. 1 and 2.

Rev. Whittinghill is conducting a protracted meeting at Equality church.

Dr. Alex Foster, of Louisville, spent a few days with relatives here this week.

Mr. W. H. Griffin made a business trip to Elkhorn and Elizabethtown this week.

Mr. C. T. Whittinghill, of Shreveport, sold his tobacco in a few days ago for \$7 per hundred.

Miss Berdie Nail, who has been spending some time in Madisonville, has returned home.

Mrs. J. W. Tabor of Fordsville, was the guest of her brother, Dr. J. R. Pittle, this week.

George Brown, one of our most respected colored citizens, died at his home in Hinton last week.

Everything amusing, pleasing and captivating will be seen at the Ohio County Fair this year.

Prof. Alva Taylor, who is teaching school in Alexander district near town, is on the sick list.

A fine brass band has been engaged to make music for the Fair this year. It will be worth going miles to hear.

You'll see nothing quite so good this year, so don't miss the Ohio County Fair. Bring your neighbors and friends.

The Fair has always been an enjoyable occasion to the people of the county. This year will be no exception to the rule.

Mr. Ed Davidson, of Davidson Station, sold 100 bushels of wheat a few days since for \$1,000 cash. Pretty good under Republican rule.

The Ohio County Fair never had so many exciting races as will come off this year. The track is in splendid condition and the spot will be fine.

Mr. Steven Woodward, of the Shiloh Chapel neighborhood, who has been confined to his bed for the past twelve weeks we are glad to see him improving, and it is hoped, will soon recover.

Hon. Joe Noe, of Owensboro, was in town this week. Mr. Noe is quite a pleasant gentleman and has many friends in this county who insist that he shall be elected Commonwealth's Attorney in November.

Mr. Cruden Riley, Sr., one of the oldest lawyers at the Owensboro bar, died at his home in that place last Saturday night. He was one of the best respected citizens of Daviess county and had accumulated quite a fortune.

On October 6th our young friend, Mr. Lem H. McFerney, will lead to the hymnal after Miss Elizabeth Cecil, of Danville, Ky. Lem has as many friends in this place as any young man that ever lived here, and well merits the hand of one of the blue grass' fairest maidens. He is a young lawyer of rare ability and has a bright future. Miss Cecil comes of one of Kentucky's most honored families, is educated, refined and polite. We wish them much happiness.

**A Sad Accident.**  
Last Saturday while Miss Eliza Sharp, of near Fairmont, was splitting some kindling, a stick flew up striking her in the temple, rendering her unconscious. She was at once carried into the house and a physician summoned and what relief could be given her otherwise was given, but all was of no avail, as she lived only a few hours. She had just developed into womanhood, and was well respected by everybody that knew her.

She was the daughter of J. W. Sharp, who with his family have the sympathy of the community.

Mr. D. M. Hocker conducted a service Monday morning and made a splendid talk, which was not only interesting but quite instructive to the pupils.

Lena McCracklin and Ella Yates are in school again after some days absence from sickness.

Dome Westerfield and Mittie Burton are still on the sick list.

Prof. Morton made a very unpleasant announcement to all of our young men Friday morning and a similar one is likely to follow unless there is better done.

The young ladies met and organized a Literary society Friday afternoon. They report a good enrollment and are anxious to hear from the young men. Young men do not let the young ladies beat you in this work.

Young men and young women who do not attend school are cordially invited to join these societies.

School is progressing nicely and new pupils are entering from time to time.

We are glad to note the increased interest the citizens of our town are taking in the school and take pleasure in commanding them for this much needed action. It insures better work on the part of pupils and teachers and the result will be more satisfactory.

Pupils and teachers alone cannot make the school what it should be, but it requires the united efforts of parents as well.

We hope the patrons may become aroused about the school interest of our town and that nothing will be left undone to make this years work the most harmonious and profitable in the history of the college. BUN.

Wayne Griffin & Bro. Miss Cox is the charming daughter of Capt. and Mrs. S. S. Cox. Several hundred invitations had been issued and the church, which was most beautifully decorated, was full. Many very handsome presents were received.

We will receive sealed bids for the erection of the almshouse on the county farm until 12m, October 11, 1897. For plans and specifications call on the building committee.

C. L. WOODWARD, W. H. MAUZY, F. W. FORD, Com's

Thursday morning at 11 o'clock

Mr. C. M. Crowe will be married at the M. R. Church to Miss Myrtle Chandler. Mr. Crowe is a young man of much ability. His energy, knowledge and talents have long since made him one of the leading teachers of Ohio and adjoining counties. His progressive spirit rapidly brought him from the small country districts to those of the larger towns in the county, and he now holds the responsible position of Vice President of Hartford College. Miss Chandler is the charming daughter of Rev. J. S. Chandler, the pastor of the M. E. Church at this place. Her hearty and winsome ways have won her many friends and admirers among the people. All congratulate them on their bright hopes. No cards have been issued. The wedding will be public and all friends are invited.

W. L. Cecil Dead.

Mr. W. L. Cecil, of Whitesville, died of typhoid fever at 8 o'clock Tuesday morning, after an illness of about three weeks. He was 26 years of age. He was married on the 15th of April 1896, to Miss Olivia Wedding, of Whitesville, and wife and one child survive him. He went to Whitesville in 1893 to accept the position as depot agent for the Falls of the Ohio railroad, which position he was filling at the time of his death. The remains will be buried at St. John's Hardin county, the former home of the deceased. Mr. Cecil was a highly respected young man and was one of the most trusted employees of his railroad company.

Mr. Cecil is a nephew of Hon. J. S. Wedding of this place.
